

LICE HAPPENS ...WE HELP!

Getting rid of lice can be a frustrating, time consuming process. But you don't have to go through this struggle alone. For hassle-free lice removal, come to the experts at **LICE CENTERS OF OHIO!**

WHAT WE DO

We do the tedious job of combing and picking out nits and lice so you don't have to!

SERVICES

Full Removal Service: \$95/person (\$125 for extra long, thick or color-treated hair). This covers the first treatment plus up to two free follow-ups if necessary and comes with our two-week guarantee. This means that if you have any signs of lice within two weeks after we declare you "lice-free", we will do a treatment at no charge.

Start-up Service: We can do just the first treatment for you at a discounted price to get you a good head start and you can purchase our treatment spray and nit comb to continue treatments yourself at home.

Free Head Screenings: Concerned you might have been exposed to lice? Call us to schedule a **FREE** head check. We also come to schools, daycares, and camps to do **FREE** head screenings. We help detect lice and educate schools and parents about lice transmission, proper treatment and prevention.

House De-Buggin': We will come spray your house, school, daycare or camp for lice. Call for details and a quote. We also sell our Household Spray if you'd rather do it yourself.

Please note, prices are subject to change.
